

Bath and North East Somerset

Director of Public Health Award

Outcomes - Physical Activity

1. Increase the number of children actively travelling (walking / scooting / cycling) to the setting each term.
2. Increase the amount of opportunities for all children to access the local outdoor environment each term.
3. Increase the amount of varied and planned physically active play experiences led by practitioners for all children every week.
4. Develop the play environment indoors and/or outside to increase opportunities for physically active play for all children.
5. Provide parents/carers opportunities to engage in physically active play together with their children each term.
