

Wii Fit @ Welton

It all started when Mrs Audritt (teacher) and eight Year six girls got together and organised a Wii dance club. The eight girls volunteered to give up their lunch times to run the dance club.

Here we all are. It was mufti day so we didn't have our uniform on! We really like the responsibility skills we have developed by leading the club.

The Wii fit dance club helps sort playtime problems because you are inside dancing. Also, the children love the club because you don't have to go out in the cold weather.

This picture shows some of the children taking part in the club.

We asked some of the children taking part what they thought about the club:

Olivia (Year 5) “I really enjoy it and it keeps you active.”

Eva (Year 5) “It is fun and also challenging! I enjoy the competitions and it is a good way to get exercise if you don’t want to go outside at lunchtime.”

Molly (Year 5) “It’s really fun! Other schools don’t have a Wii. It’s a real treat!”
