

# Relax & Read

Tilly, Biba, Hannah and Delilah have entered a bid for £100 to make Freshford Church of England Primary School an even better place to learn.

They thought that with the money they could do something to make the school a better place for children. With the money that they got from the bid they used it to buy colourful cushions and woollen blankets.

They are going to use these to make the benches in the corridor a comfortable place to read.

They went around the school and asked some students to tell them what they thought about the cushions and blankets being in the corridor.

‘You won’t get cold and you would feel comfortable’ – Tazi Yr.3 – Ashe Class.

‘When you get bored playing football you can do some reading quietly. If someone has hurt themselves it’s a good place to sit’ – Frankie Yr. 4 – Ashe Class.

‘Depending what year you’re in you could read with different children and if you feel tired or ill you will feel more relaxed’ – Isabella Yr. 4 – Ashe Class.

‘It’s comfy, warm and fluffy’ – Luna Yr. 2 – Bythesea Class.

‘I like being snuggly.....’ – Hollie Yr. 2 – Bythesea Class.

‘We can sit together on the benches with our reading buddies from Mill Class’ – Lucy Yr. 2 – Bythesea Class.

‘Loads of people like sitting inside when it’s very cold so it’s nice to have cushions in a comfy space to read and play chess. Lots of people in this school love to play chess so also you can use the cushions and blankets to make yourself comfortable’ – Tilly Yr. 5 – Mill Class.

‘It will be very nice on a cold winter day to snuggle up in the corridor and read because we aren’t allowed in the class room’ – Delilah Yr.5 – Mill class.

‘I think it was a great idea because lots of people like to read. Also it is nice to curl up in blankets when you have hurt yourself’ – Biba Yr.5 – Mill class.

‘It would be nice for those who like to read and it’s nice to be able to cuddle up and to read on a cold day’ – Hannah Yr.4 – Mill class.

*We hope that the cushions and blankets will help improve this school and make sure that everybody wants to read more often.*
